**Subject:** Comment on Item #13 for 4-28-2026 Supervisor's Meeting

**Attention:** This email originated from outside the County of Orange. Use caution when opening attachments or links.

Dear Honorable Supervisors Doug Chaffee, Katrina Foley, Vicente Sarmiento, Janet Nguyen, and Donald Wagner,

I would like to address Item 13, Laws and Legislation about AB 2017 State holidays: EID.

Although AB 2017 has passed two Assembly Committees, according to the last Bill Analysis, “the Office of Legislative Counsel has issued a conflict notice...[that]...could give rise to a serious legal problem.” That office has also “flagged this bill a fiscal” and it has been referred to the Assembly Appropriations Committee, so far not scheduled for a hearing. I’d think there are some implications of a cost to our state in allowing school absences and paying state employees for another holiday that only some people are permitted. We do not have official holidays for other religions.

There are 11 California state holidays, only one of which is religious: Christmas, which is logical because our country was founded on Judeo-Christian values and traditions.

A quite significant element: CAIR is a major supporter of this bill. They have been designated as a terrorist organization by Governors Abbott of Texas and DeSantis of Florida, there’s a House bill, HR 4097, Designate CAIR as a Terror Organization Act, and years ago CAIR was designated as an unindicted co-conspirator in a terrorism financing trial.

A large number of Muslims have immigrated here in recent times but that doesn't mean they are entitled to have their own state holidays, other religions manage to cope.

I noticed in both of the Assembly Committees, the Bill Analyses showed that no person or organization was listed under "Opposition". Why? I'm sure it's because very few Californians are aware of this bill and if they knew, they would object.

**I urge you to OPPOSE AB 2017!**

Thank you for your attention to this matter,

Betty Robinson, a lifelong Southern Californian and resident of Orange County for MANY decades!

*Passing Assembly bill 2017 is a form of Islamic jihad which is designed to mainline and imbed our western culture with Islamic culture. If this is passed, in Muslim minds, this Islamatizes our culture and gives Muslims a beach head and justification to claim that US CA culture is now taken captive for Islam, and is now their Islamic culture.*

*Jihad is not just forced conversion, and killing by the sword, it is also through high birth rates, through using our systems and laws against non-Muslims, subverting the courts with Islamic law, and indoctrination of Islamic ideas in the school and university systems. Islam is a counterfeit of Judeo-Christianity, with a façade of religion, but more so is a totalitarian political system, with a barbaric oppressive medieval law, and a violent warring, conquering culture allowing no escape, dissent, or freewill. Islam is antisemitic, hates Christians and Jews, and is incompatible with western culture, western law, and our constitution.*

*We should not be celebrating events of foreign hostile cultures with holidays in our culture. To do so gives the eventual conquering Islamic enemy culture access to further weaken our culture in the process of transforming it into their inferior, totalitarian, barbaric, medieval culture. Keep implementation of this Trojan horse of a bill out of Orange County.*

While we should recognize that we have freedom of religion in America, it is imperative to note that Islam- and particularly Sharia law which emanates from Islam- are both utterly incompatible with our constitution and way of life in America. Any religion that will allow for 'mercy killings' of people who leave that belief system has absolutely no place in America.

Like it or not, our founding fathers were utterly unapologetic in stating that our governing principles are derived from the Bible- Judeo-Christian principles, boldly asserting that our freedom comes from God, and not from government or religious leaders.

Wherever Islam is allowed to flourish, it ultimately takes over the culture in which it has metastasized. Have we learned NOTHING from our Persian friends here on our streets, who are decrying the form of government that has oppressed, tortured, and murdered tens of thousands of their fellow compatriots back in Iran under the guise of pleasing Allah?

I firmly oppose this radical ideology masquerading as a religion from expanding any more in either our county or our country. I am urging a very strong NO vote on anything that advances Islam on our streets. We owe it to our children and grandchildren to teach the truth of what our constitution is based on, and the fact that tolerating something does not mean that we have to fully embrace it.

Thank you for your attention to this matter.

Larry Sims

**Subject:** AB 2017 - Opposed

*Attention: This email originated from outside the County of Orange. Use caution when opening attachments or links.*

*Dear Supervisors*

*Thank you for the service and protections you provide our citizens.*

*I am writing because I heard about the bill you will be considering asking for special consideration to making Muslim holy days observable by closing down government facilities and recognizing them similar to Judeo-Christian holidays, the religions on which our country was founded. I feel special consideration should not be given to this religion, since there are many other types of religions who celebrate at the same time everyone else does. They do not expect government closures specific to them.*

*Thank you for your consideration in opposing this matter.*
