Hi I'm writing to ask to deny the use permit for saddleback Meadows housing development. It needs to be sent back foothill/trabuco plan review. We live extremely close to where this will be happening. The wild life already is having a hard time and we often get them in our back yard. We moved here to be set back into nature and with more and more housing it is just ruining the environment. El Toro isn't big enough already to handle what we have. And I'm afraid this will drive either wild life into the neighborhood more as there is no where else for them to go

Please stop this.

Thank you,
Lynn Fletcher
