Subject: Herbicide use

Attention: This email originated from outside the County of Orange. Use caution when opening attachments or links.

Good morning supervisors,

I am writing to demand that OC permanently discontinue its use of herbicides in creeks and waterways. The use of herbicides in our critical areas poses undue severe threats to the health and safety of both humans and wildlife. I place incredible value on our natural spaces, especially in our county with so much cement and population issues already. Herbicide use is also detrimental to the health of your constituents and wildlife. I urge you to keep herbicide use out of our county!

Thank you,
Katie Armbruster
