Final Scores w/ Ranking									
Ranking after H/L with Cost		Evaluators					COST	OCLSB/DVBE or both (if eligible)	Total
		1	2	3	4	5			
1	Tetra Tech BAS						N	N/A	0
2	Accenture Infrastructure and Capital Projects, LLC (I&CP)						N	N/A	0
3	Geosyntec Consultants						N	N/A	0
4	Advanced Earth Sciences, Inc.						N	N/A	0

Instructions:	
1) Use the following color indicators in your preliminary score table:	Highest Lowest
2) Remove the highest and lowest scores in the final score table	
3) If your highest or lowest score is the same for 2+ panel members, only remove 1 of those scores	
4) Highlight in columns H and I any ranking changes	
5) Indicate whether OCLSB and/or DVBE is applicable (Y/N)	
6) If you have multiple service components in 1 RFP, duplicate the table for each service and identify the service accordingly	
7) Once Final Written/Interview Scores are tallied, use the table with Cost, if applicable. Note that cost should be multiplied by the number of panel member scores left after high-low has been completed. (i.e. if you have 5 panel members, and high low is removed, you are left with 3 scores, therefore multiple your cost by 3.)
