Subject: Urgent Request to Resolve the Teamsters Local 952 Strike

Attention: This email originated from outside the County of Orange. Use caution when opening attachments or links.

Dear Chair Chaffee and Members of the Orange County Board of Supervisors:

My name is Arturo Raygoza Jimenez. I am a fleet manager for Sochor Trucking, a local trucking company based in Orange, California. I manage a fleet of about 52 trucks and drivers who haul waste and organic materials to Orange County landfills every day. I am writing to ask you to resolve the strike by Teamsters Local 952 as soon as possible.

This strike has now lasted 26 days. Every morning my drivers do not know if the landfills will be open, how long they will wait in line, or whether they will be turned away. On Wednesday, November 4, Prima Deshecha Landfill closed at noon because it reached its daily tonnage limit. Trucks are burning diesel waiting in lines and driving to alternate disposal sites. Time is lost, loads are lost, and my drivers are paid by the trip — when the trucks do not move, their families do not get paid.

This is not only a problem for truckers. Trash is piling up in neighborhoods across the county, and that is a health problem for many families. This situation affects a lot of people, and it needs to be resolved now.

I respectfully ask the Board to return to the bargaining table immediately and reach a fair agreement with the union without further delay. Both sides need to give a little so that the workers, the residents, and the small businesses of Orange County can get back to work.

Thank you for your attention to this urgent matter.

Respectfully,
Arturo Raygoza Jimenez
Fleet Manager, Sochor Trucking LLC
